Address: De Wet Square , Plein St. Central Stellenbosch,7600

# NON-SURGICAL FACIAL AESTHETICS

It is never too early or too late to start when it comes to preserving & restoring your youth! Here is our list of non-surgical treatments that we offer at REJUVEDENT. These treatments will allow you to age gracefully with no down time and with affordability.

## INJECTABLES

### BOTULINUM TOXIN (BOTOX®)

Botulinum toxin is the active 'substance' in, what is better known as, BOTOX®. We only use BOTOX® which is 'the original' FDA approved & internationally recognised product. It is a purified protein which when diluted and used in small amounts in the correct areas, temporarily relaxes muscles that cause unwanted wrinkles and lines. It is FDA approved to be used for frown line and crow's feet but is also regularly used for forehead lines and other areas.

**PRICE: R60 per unit**

The amount of units required per area varies from individuals and will be determined by Dr Lehandri during your first consult. Dr Lehandri works around your budget to tailor a treatment plan that addresses your specific needs. For more information regarding specific prices please contact us. To provide you with a rough estimate of the cost per treatment we have listed a few treatment areas below:

**Frown R1200**

**Forehead lines R600**

**Crow's feet (lines around eyes) R900**

Botox can also be used for the treatment of a Gummy Smile, Mouth wrinkles, Bunny Lines, Brow lift, Bruxim (Masseter muscle, Neck Wrinkles & Hyperhidrosis.)

### DERMAL FILLERS (JUVÉDERM)

Dermal fillers are injectable gels that restore volume to areas of the face. Juvederm® fillers contain hyaluronic acid (HA) which is a substance that replicates the actions of a naturally occurring sugar molecule, attracting and holding water to assist in hydration of the skin. The products can be placed below the skin's surface to provide more youthful contours and a smoother rejuvenated skin. Fillers can be used to plump up small areas like the lips or brow lift and restore volume in larger areas like cheeks and jawline.

**PRICE: From R2800 per syringe (1ml)**

**Cheek Lift/ Cheek Volume R2800**

**Lip Volume R2800**

**Nasolabial Lines R2800**

**Chin Enhancement R2800**

### LIQUID FACELIFT

Dermal fillers are sometimes used in conjunction with anti-wrinkle injections (BOTOX®), which relaxes facial muscles, or with other treatments to restore the skin tone, lift and rejuvenate the whole face.

**PRICE: From R5000**

### JUVÉDERM VOLITE (SKINBOOSTER)

**PRICE: R2800 per syringe (1ml)**

# MEDICAL DEVICES

## FACIAL THREAD LIFTING (NON-SURGICAL FACE LIFT)

Thread lifting is a unique procedure that works to tackle sags and folds. It is an effective cosmetic technique that lifts and tightens sagging skin & tissue by inducing collagen production. The procedure is becoming more popular than ever before and demand grows for skin care where less is more. Prices are all dependent on the area being treated and the amount of threads used. Best results are seen when packages are combined. Packages are just an indication & estimate amount per area, after your consultation you will receive an individualised quote for a package that is tailored to address your specific needs & areas of concern.

### THREAD TYPES-

- Smooth PDO Thread R250 per thread
- Derma Spring R500 per thread
- Bidirectional Cog thread R1000 per thread
- Spiral Cog thread R1000 per thread

### PACKAGES-

- Jawline definition/ Jowl lift R4500
- Nasolabial fold lift/ Cheek Lift R4500
- Lower Face Lift (Jowl & Cheek Lift) R6500
- Neck Lift/ Neck Firming R4500

## FAT LIPOLYSIS/ CECCARELLI

It is a new fat lipolysis (breaking down of fat) treatment for areas where there are resistant pockets of fat that do not respond to dieting or other weight loss methods. The Ceccarelli solution, containing vitamin C and iron, uses the body's metabolism by acting on the fat cells, causing natural fat cell destruction.

### Areas that can be treated with Ceccarelli include but are limited to

- Stubborn Facial Fat From R2500
- Lower Eyelid Fat From R800
- Rest of the Body From R2500
